

1:18 Electric 4WD Climbing car

Caution: This model is not a toy, it is designed for users over 14 years of age.
Please use this instruction and the R/C system instruction at the same time.
The instruction is suitable for a type of model whose number is 184016

Practice

Let's practice! Make R/C car circuit at a wide and safe location using corner pylons (separately available), empty cans or such. Running fast at straight section and slow down at curved section is a basic speed control technique useful when driving R/C car.

Maintain

When the car is not in use, you should remove the battery from the car.

Completely remove sand, mud, dirt etc.

Metal outside should apply the rust

Store the car and batteries separately
